2014 NC Sexually Transmitted Diseases Public Health Program Manual

The 2014 NC STD Manual is being updated to better serve local public health providers and community partners who incorporate public health recommendations in their practice. Significant updates include

- Revised Agreement Addenda
- Laboratory Testing and STD Treatment Guidelines Standing Order templates for Enhanced Role Registered Nurses in local public health agencies
- Sample LHD STD Program Policies and Overview
- NC DHHS Form 2808 - Sexually Transmitted Diseases
- Partner Notification Cards
- Nucleic Acid Amplification Testing (NAAT)
- HIV Rapid Testing Program
- Practice Management
- Outreach to Community Providers
- Incorporation of CDC's 2014 STD Treatment Guidelines upon release

The guidance in this on-line manual is consistent with North Carolina General Statute 130A-144 and communicable disease rules in North Carolina Administrative Code 10A 41A .0101, .0102, .0202 and .0204, unless otherwise noted.
