**NC LEAD ABATEMENT ACTIVITIES TRAINING PROVIDERS**

Listed below are the names of approved Lead-Based Paint training providers from which the Health Hazards Control Unit (HHCU) regularly receives certificates for certification purposes. Additionally, the HHCU has limited reciprocity agreements with the Alabama, Georgia and Mississippi lead-based paint programs and may accept training for certification from those training providers accredited by Alabama, Georgia, or Mississippi's state authorized programs.

**Because reciprocity agreements are subject to change, it is strongly recommended that you contact the HHCU before taking training from any source not included on the North Carolina list below.**

**Note: The HHCU does not accept online or virtual lead abatement training courses.**
